A wide-angle photograph of the interior of the Church of St. Ignatius Loyola. The image captures the grandeur of the architecture, featuring a high, vaulted ceiling with intricate gold leaf patterns and a large, ornate dome. The walls are adorned with religious murals and statues. In the foreground, a large audience is seated, facing a stage where a concert performance is taking place. The lighting is warm and focused on the stage area.

“One of the city's most inspiring
places to hear music...”

~Time Out New York
